

eCopy ShareScan v4.3 is compatible with USB connected scanners via an ISIS® driver and select TWAIN scanners.

ISIS

eCopy ShareScan v4.3 ISIS support is for the Scanner drivers listed on the following EMC Captiva Web site:

<https://www.scannerdrivers.com/index.asp>

Select either the Scanner List or Search Now button to look up a model. The driver listed for the model will be the most current and EMC validated driver. For reference, visit the scanner manufacturer's Web site.

eCopy does not provide ISIS drivers for scanners. ISIS Scanner drivers are available from the device manufacturer and are typically included with the device and / or available for download from the device manufacturer's Web site. ISIS drivers can also be purchased from EMC Captiva at the Web site indicated above.

TWAIN

eCopy ShareScan v4.3 supports the following TWAIN Scanners:

DR-2050C	DR-5020
DR-2080C	DR-5060F
DR-2580C	DR-6080C
DR-3080II	DR-7080C
DR-3060	DR-7580
DR-4010C	DR-7090C
DR-5010C	DR-9080C
DR-9050C	

Unless otherwise noted the eCopy ScanStation™ works with Canon controllers, security kits, and data encryption kits.

Notes

Please note the following configurations are not supported by eCopy ScanStation:

- i VRS TWAIN
